FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 that involve risks and uncertainties, which could cause actual results to differ materially from the forward-looking statements. Such statements are based on management’s current reasonable and good faith expectations. A number of risks and uncertainties could cause results to differ from forward-looking statements. These risks and uncertainties include, among others, the effect of the continuing economic downturn, the impact of our debt on our cash flow and operating flexibility, our ability to refinance and access credit markets, fluctuations in demand for the Company’s products and increases in energy, raw material and other manufacturing costs. For further details of these and other risks and uncertainties that may impact forward-looking statements and the Company’s business and financial results, see information set forth under the heading “Risk Factors” in our Annual Report on Form 10-K for the fiscal year ended December 28, 2008, and in our other filings made from time to time with the Securities and Exchange Commission (SEC). The Company does not undertake any obligation to update or revise any forward-looking statements as a result of new information, future events, changed assumptions or otherwise; and all forward-looking statements speak only as of the time when made.
